The 4 Disciplines of
Execution®

FranklinCovey

The **4 Disciplines** of
Execution
OPERATING SYSTEM

4DX OS: A self-paced approach to implementing the 4 Disciplines of Execution with your team.

The 4 Disciplines of Execution helps a team execute on its top priorities in the midst of a whirlwind of distractions.

Practice Leaders of FranklinCovey's Execution Practice and co-authors of the bestselling 4 Disciplines of Execution, Chris McChesney and Jim Huling walk you and your team through a step-by-step process based on over 2,000 strategic implementations. You will be able to create your lag and lead measures with total confidence, build your online scoreboard, and run your weekly cadence with clarity and transparency.

With this new operating system, go as quickly, or as slowly, through 4DX as you need. Each discipline can be accessed at four different levels that build on one another

LEARN

You'll get up to speed fast... and not just on the basics! You and your team will learn the nuances and key insights to the universal principles of execution.

FACILITATE

One of the most powerful aspects of 4DX is how it involves the team. In this section we get you and your team into the exercises that get the best answers and the greatest engagement.

APPLY

With 15 years of helping more than 2,000 organizations implement the 4 Disciplines, this is where the magic happens. For each discipline we will take you through a step-by-step process to take the complexity out of execution.

CREATE

It's one thing to have a great execution plan, it's another to have a working process for execution. In the "Create" section you take the work you are doing in "Apply" and "Facilitate" and you drop it right into an easy-to-use system for running the 4 Disciplines on a daily and weekly basis.

The 4 Disciplines of Execution Operating System

“We built the 4 Disciplines Operating System because we wanted to do more than teach you the concepts. The really important lessons are in how you are applying the disciplines. In 4DX OS, we are taking you from **concept** to **running the process with your own execution system...** while saving you the 15 years of trial and error that we’ve been through.”

—CHRIS MCCHESENEY

What is best for you?

There are two versions of 4DX OS:

4DX OS Team

For self-guided implementation of 4DX on a team-by-team basis.

4DX OS Organization

For implementing 4DX across a department or entire organization with support from FranklinCovey.

The 4DX OS is Based on the World's Bestselling Book on Execution
